STAINLESS LUXURY IN POOL

MIRROR POOL.

DESIGN MEETS PURE ELEGANCE.

The Mirror Pool invites you to immerse yourself in a mirror–like water surface that blurs the boundaries of the pool, thanks to its uninterrupted, linear perspectives, creating a sense of limit–less expanse. An elegant stainless steel basin with an innovative edge and premium materials come together in a composition that reflects both sophistication and modern aesthetics.

- Timeless design, clean lines, and pure elegance
- Unique pool edging for a mirror–smooth water surface
- Seamless waterline for a visually limitless expanse
- Stainless steel as a durable and long–lasting material
- Superior hydraulics for optimal water quality
- Easy cleaning
- One-piece basin for efficient transport and installation
- Available in standard as well as custom sizes
- Additional accessories and custom features available for enhanced comfort.
- Various models and sizes available

MINIMALISTIC DESIGN.

BOUNDLESS EXPANSE.

The pool edging, designed with a linear perspective, creates an unprecedented, calm, and smooth reflection of the water's surface, crafting a breathtaking world of relaxation – right in your own garden.

Designed as a one–piece basin, the Mirror Pool impresses with its short construction and delivery time. With a variety of attractive product packages available, each can be customized to meet your individual needs.

CLEAR LINES AND COMPLETED PERFECTION.
